The Client should review all applicable charges, prior to entering into this Client Agreement with the Company.

5.5. The Client should note that not all charges are represented in monetary terms and may appear, for instance, in pips; therefore, the Client needs to ensure that he/she understands the cost that the pip amounts to.

5.5.1. The Company reserves the right to charge a monthly maintenance fee per trading account, assuming that the account has sufficient funds to cover such fee.. The applicable maintenance fees may be found on the Company's Website.

5.5.2. The Client should note that any applicable charges shall be instantly deducted from his/her trading account(s).

6. GENERAL RULES OF TRADING

6.1 Without prejudice to any other provisions herein of this Client Agreement, once the Client places an order on the Platform, the Company arranges for the execution of the said order with the execution venue. It is understood that the Company does not execute the Client orders in CFDs as a principal to principal against the Client, i.e. the Company is not itself the execution venue for the execution of the Client orders.

6.2 You acknowledge and agree that each transaction conducted on the Platform, is comprised of first an offer by you to us to complete a transaction (whether such offer is to open a Position or close an open Position) at a certain price quoted on the Platform, and our subsequent acceptance of your offer. An offer will be deemed to have been completed only when it has been received and accepted by us. Our acceptance of an offer will be evidenced by our confirmation of its terms to you and its completion.

6.3 You may request to cancel or amend a Transaction at any time, prior to our completing such a transaction.

6.4 We reserve the right to void from the outset any transaction containing or based on any manifest error. In the absence of our fraud or willful default, we will not be liable to you for any loss, cost, claim, demand or expense following any manifest error.

6.5 You acknowledge that all of our prices and quotes shown on the Platform are the ones provided by the Company's execution venue. The execution venue obtains prices (Bid and Ask prices) of the underlying asset for a given CFD from third party reputable external reference sources (i.e. price feeders). The execution venue then uses these prices to calculate their own tradable prices for a given CFD and provides them to the Company.

6.6 You shall comply with any restrictions that we notify you from time to time with respect to your activities on the Platform, including without limitation, the size of transactions or other conditions that may apply to our quote. You acknowledge that we may offer to and impose on each user, in our sole discretion, different terms and restrictions with respect to their use of the Platform.

- 6.7 You acknowledge that the Platform is independent of any underlying markets, and we are under no obligation to quote a particular price or follow the trading rules consistent with such underlying markets. You further acknowledge that the triggering of your transaction is linked to the prices we quote on the Platform, not the prices quoted on the relevant underlying markets. In determining whether the prices quoted on the Platform reach or exceed the price accepted by us in a transaction, we will be entitled (but not obliged), in our absolute discretion, to disregard any prices quoted by us during any pre-market, post-market or intra-day auction periods in the relevant underlying markets, during any intra-day or other period of suspension in the relevant underlying markets, or during any other period that in our reasonable opinion may give rise to short term price spikes or other distortions.
- 6.8 When you complete a transaction on the Platform, you agree that you are not dealing on a recognized exchange.
- 6.9 You undertake and agree not to use the prices quoted on the Platform for any purpose other than for your own trading purpose, and you agree not to redistribute our prices to any other person whether such redistribution is for commercial or other purposes.
- 6.10 You acknowledge that each transaction is made for a specified number of units that constitute the underlying asset. You may only complete transactions on the Platform for the minimum number of units as set forth on the Platform as the "unit amount", and in multiples of such "unit amount", up until the maximum amount permitted by the Platform. You acknowledge and agree that we may set, in our sole and absolute discretion, the "unit amount" for each underlying asset.
- 6.11 Each Position opened by you, and any transaction completed, will be binding on you notwithstanding that by opening the Position you may have exceeded any credit or other limit applicable to you or in respect of your dealings with us.
- 6.12 You may request a quote to open or close a Position for a particular underlying asset, at any time during the Trading Hours for such underlying asset. We will be under no obligation to, but may, in our absolute discretion, provide a Quote and accept and act on your offer to open or close a Position for an underlying asset outside of the Trading Hours of such underlying asset. In some cases, transactions may only be traded during the time when the relevant underlying market is open. Trading Hours are displayed on the Platform under the details link for each specific underlying asset. It is your responsibility to ensure that you are aware of which underlying asset may be affected.
- 6.13 Without prejudice to any of our right hereunder, if, prior to the acceptance of your order to open or close a transaction, we become aware that any of the factors set out in clause 6.14 herein have not been met, we reserve the right to reject your order outright. If we have, nevertheless, already opened or closed a transaction prior to becoming aware that a factor set out in clause 6.14 herein has not been met, we may, in our discretion, either treat such

a transaction as void from the outset or close it at our then prevailing price. However, we may, in our absolute discretion, allow you to open or, as the case may be, close the transaction in which case you will be bound by the opening or closure of such transaction.

6.14 The factors referred to in clause 6.13 include the following:

- the quote must be obtained via the Platform or by such other means as we may from time to time notify you.
- your offer to open or close the transaction must be given while the quote is still valid.
- the quote must not contain a manifest error.
- when you offer to open a transaction, the number of units in respect of which the transaction is to be opened must be neither smaller than the minimum unit amount specified on the Platform for the Financial Instrument, as applicable, from time to time, nor greater than the amount permitted in accordance with the Terms.
- when you offer to close part but not all of an open transaction, both the part of the transaction that you offer to close and the part that would remain open if we accepted your offer must not be smaller than the minimum unit amount specified on the Platform.
- Force Majeure Event must not have occurred when you offer to open or close a transaction.
- an event of default must not have occurred in respect of you.
- when you offer to open any transaction, the opening of the transaction must not result in your exceeding any initial or maintenance margin amount, credit or other limit placed on your dealings
- our offer must be given to us during the Trading Hours for the applicable underlying asset in respect of which you offer to open or close the transaction.
- the internet connection or communications are not disrupted.
- there is no request of regulatory or supervisory authorities of Comoros or a court order to the contrary.
- the legality or genuineness of the Order is not under doubt.
- there are normal market conditions; and
- any other reasonable factor that we, in our sole discretion, notify you from time to time.

6.15 The use of any robots, AI, algorithmic trading, or any form of computerized trading code or software with the Trading Platform is strictly prohibited. Any such use is entirely at the Client's own risk, and the Company assumes no responsibility or liability for any resulting losses or damages. The Company makes no representations or warranties regarding the accuracy, functionality, performance, or reliability of any robots or algorithmic trading solutions, and expressly disclaims any liability for errors, malfunctions, or failures associated with their use. The Client acknowledges that the use of robots or algorithmic

trading is highly risky and that any such activity constitutes a material breach of this Agreement. In the event the Company, in its sole discretion, reasonably suspects that a Client is utilizing any form of AI, algorithmic trading, or computerized trading software in connection with their account, this shall constitute an immediate act of default. As a result, the Company shall have the right to take immediate action, including, but not limited to, suspending or terminating the Client's account, freezing any funds, and pursuing any other legal or contractual remedies available under Section 22 of this Agreement or any applicable laws. Any transaction executed through the use of such prohibited systems will be deemed to have been executed by the Client and will not be considered valid or authorized by the Company.

- 6.16 The Company is under no obligation, unless otherwise agreed in these Terms, to monitor or advise the Client on the status of any transaction or to close out any Client's Open Positions. When the Company decides to do so, other than in order to enforce the negative balance protection, this will be done on a discretionary basis and will not be considered an undertaking of an obligation to continue. It is the Client's responsibility to be aware of his positions at all times.
- 6.17 If any underlying asset which is a security becomes subject to possible adjustments as a result of any of the events set out in clause 6.18 below (referred to as a "Corporate Event"), the Company will determine the appropriate adjustment, if any, to be made to the opening/closing price, size, value and/or quantity of the corresponding transaction (and also the level or size of the corresponding orders). This action is made in order to (i) account for the diluting or concentrating effect necessary to preserve the economic equivalent of the rights and obligations of the parties under that transaction immediately prior to that corporate event, and/or (ii) replicate the effect of the corporate event upon someone with an interest in the relevant underlying asset security, to be effective from the date determined by the Company.
- 6.18 The events to which clause 6.17 refers to are any of the following, by the declaration of the issuer of a security:
- a. A subdivision, consolidation or reclassification of shares, a share buy-back or cancellation, or a free distribution of bonus shares to existing shareholders, capitalization or share split or reverse share split or similar event.
 - b. A distribution to existing holders of the shares or additional shares, other share capital or securities, granting the right to payment of dividends and/or proceeds from the liquidation of the issuer equally proportionate to such payments to holders of the underlying shares, securities, or warrants granting the right to receive or purchase shares for less than the current market price per share.
 - c. Any other event regarding shares analogous to any of the above events or otherwise having a diluting or concentrating effect on the market value of shares.

- d. Any event analogous to any of the above events or otherwise having a diluting or concentrating effect on the market value of any security not based on shares; or
- e. Any event that is caused by a merger offer made regarding the company of the underlying asset.
- 6.19 If any underlying asset which is a security becomes subject to a specific risk resulting in a predicted fall in value, the Company reserves the right to restrict short selling or even withdraw the specific underlying asset from the Platform.
- 6.20 Determination of any adjustment or amendment to the opening/closing price, size, value and/or quantity of the transaction (and/or level or size of any order) shall be at the Company's sole discretion and shall be conclusive and binding upon the Client. The Company shall inform the Client of any adjustment or amendment via its internal mail as soon as is reasonably practicable.
- 6.21 In the case where the Client deliberately attempts to take advantage of the fact that shares in a particular spot index go ex-dividend, the Company reserves the right to apply a dividend adjustment in the form of commission without prior notice or consent. In the case of short positions, the dividend adjustment will be debited from the Client's account where $\text{dividend adjustments} = \text{index dividend declared} \times \text{position size in lots}$.
- 6.22 Benefits, takeovers and transformations (including events such as share consolidations/splits, mergers, takeovers, spinoffs, MBO's, de-listings, etc.). Depending on the circumstances of each event, our policy is to close out any affected Client's open positions at the market price immediately prior to the event taking place. As a result of such event, if any underlying asset becomes subject to an adjustment as the result of a takeover or transformation action, we shall determine the appropriate adjustment to be made to the contract price or contract quantity as we consider appropriate to account for the diluting or concentrating effect of the action. Such adjustment shall represent the economic equivalent of the rights and obligations of us and you, immediately prior to the action.
- 6.23 Insolvency. If a company, whose underlying asset forms the CFD, goes into insolvency or is otherwise dissolved, we shall close any of your open transactions of that underlying asset. The closing date shall be the date of insolvency, unless otherwise required.
- 6.24 The Company will use reasonable efforts to execute an order, but it is agreed and understood that despite the Company's reasonable efforts, transmission or execution may not always be achieved at all for reasons beyond the control of the Company.

7. DEPOSITS, WITHDRAWALS AND REFUNDS

- 7.1. A Client's trading account shall be activated upon the Client depositing the Initial Margin, according to the type of Client Account, as determined by the Company in its discretion from time to time.

- 7.2.** The Client may deposit funds into their trading account at any time during the course of this Client Agreement. Deposits will be made via wire transfer, or any other methods accepted by the Company from time to time. The Company will not accept anonymous payments made to the Client's account unless a relationship can be established between the parties (e.g. the Client used a joint bank account held with their spouse for the purposes of depositing funds into their trading account(s)). It is at the Company's sole discretion whether such payments shall be accepted and funded or returned back to their source. Deposits for sustaining margin levels and any other deposits due will, unless otherwise agreed or specified by us, be required to be made in the currency of the Client's trading account, based on your country of origin, as specified in your address, and as shall be specified on the Platform. We shall not, and you shall not request us to, convert any monies which have been deposited by you into your trading account from one currency to another currency. All information pertaining to deposit options can be found on the Website.
- 7.3.** The Company shall have the right to request the Client, at any time, any documentation required to confirm the source of the funds deposited into the Client's account. The Company shall have the right to reject a deposit or a withdrawal request of the Client if the Company is not duly satisfied as to the legality of the source of funds.
- 7.4.** If the Client makes a deposit, the Company shall credit the relevant Client's trading account with the amount actually received by the Company, within five (5) business days following the amount being cleared in the relevant bank account of the Company.
- 7.5.** If the funds sent by the Client are not deposited in the trading account when they were supposed to, the Client shall notify the Company and request from the Company to conduct an investigation regarding the transfer. The Client agrees that any charges of the investigation may be deducted from his/her trading account or may be paid directly to the bank performing the investigation. The Client understands and agrees that in order to perform the investigation, the Client shall have to provide the Company with the requested documents and/or information.
- 7.6.** The Company shall affect withdrawals of a Client's funds upon the Company receiving a relevant request from the Client in the method accepted by the Company from time to time.
- 7.7.** Upon the Company receiving an instruction from the Client to withdraw funds from the Client's account, the Company shall process the Client's request to withdraw funds within five (5) business days from the day that the request was made. If the Client's request is received outside of normal trading hours, the five (5) working days will count from the next working day of the receipt of the Client's request.
- 7.8.** It is agreed and understood that withdrawals will only be effected towards the Client. The Company will not make withdrawals to any anonymous account(s), unless it is for the purposes of returning funds not accepted by the Company.

- 7.9. The manner in which we remit monies to you will be in our absolute discretion. The Company reserves the right to decline a withdrawal request from a Client asking for a specific transfer method, and the Company has the right to suggest an alternative.
- 7.10. All payment and transfer charges of third parties will be borne by the Client and the Company shall debit the relevant trading account for these charges.
- 7.11. Withdrawal fees may apply from time to time depending on the Client or type of trading account. The applicable fees may be found on the Company's Website.
- 7.12. Mistakes made by the Company during transfer of funds shall be refunded to the Client. It is understood that should the Client provide wrong instructions for a transfer; the Company may be unable to correct the mistake and the Client may have to bear the loss.
- 7.13. We reserve the right to seek reimbursement from you, if we receive a chargeback from your credit card issuer or from your alternative payment method provider, or a recall from your bank or with respect to any other payment method for any reason. We may obtain such reimbursement by charging your trading account, deducting amounts from future payments owed to you, charging your credit card or obtaining reimbursement from you by any other lawful means. All bank charges, howsoever arising, will be deducted from your trading account. Should you issue a chargeback, recall and/or dispute with your payment method provider, the Company reserves the right to terminate your trading account, at its sole discretion.
- 7.14. If we receive, for any reason, a dispute, claim, and/or chargeback from your credit card issuer or any other payment method you use, you acknowledge that we have the right to take any or all of the following measures, at our discretion:
- immediately close any or all of your open transactions whether at a loss or a profit and debit or credit, respectively, or your trading account, with or without any notice; and/or
 - immediately place restrictions on your trading account with or without any notice, including:
 - i) a restriction on making deposits using any payment method to your trading account, even in cases of margin call(s);
 - ii) a restriction on requesting withdrawals from your trading account; and
 - iii) a restriction on opening new positions on the Platform; the duration of the restrictions will be set at the Company's sole discretion.
 - terminate the present Client Agreement, and by extension your trading account held with the Company; and/or

- impose a charge to your account upon receiving the chargeback by our merchant provider to cover our investigative expenses, spent on proving that you did make the deposit and you hereby authorize us to charge this amount to your trading account or payment method.

7.15. In the event that you have submitted a complaint with the Company pursuant to the Company's Complaints Handling Procedure, and then proceed to issue a chargeback with your payment provider, then the complaint filed would need to be put aside until the chargeback matter is resolved. Likewise, should you initiate a chargeback with your payment provider and then proceed to submit a complaint to the Company, then your complaint will need to be set aside until the chargeback dispute is resolved.

8. SUSPENSIONS AND DEACTIVATIONS

- 8.1.** We may suspend, deactivate or terminate your account, without notice or explanation if one of the following applies: (i) in our sole discretion; (ii) where required to do so by applicable legislation, regulation or government order; (iii) where we reasonably suspect that your account is being used to facilitate a prohibited activity or for any Prohibited Use; and (iv) where you have breached any of the provision of these Terms.
- 8.2.** By accepting to be bound by this Client Agreement, you acknowledge that you have read, understood and accepted the information provided in all legal documents available under the *Legal Documents* section of the Company's Website, as may be amended from time to time.
- 8.3.** Fees may be payable by you by virtue of the fact that the Platform is continually provided to you for trading, regardless of your actual use. If there are no transactions (deposits, withdrawals or newly opened positions) on your account for a period of at least one (1) month or more, the Company reserves the right to charge a monthly inactivity fee on your account, in return for the provision of the continued availability of your account. You agree that you are liable to and will pay the applicable fee as notified to you from time to time and that we may deduct such fee from any funds held by us on your behalf.
- 8.4.** If a Client's account is inactive for twelve (12) months or more, the Company reserves the right to close that Client's trading account and/or render it dormant.
- 8.5.** Where you have not logged into or used your account for a period exceeding twelve (12) months, your account will be considered as being "Dormant" and may be archived in our records. Once an account is considered inactive, however, we will deduct a monthly inactivity fee in the amount displayed on the Company's website, which may be subject to change.

- 8.6.** In the event of inactivity or dormancy, the Company reserves the right to cancel any unused (i.e. active) bonuses. The conditions set forth in the Trading Bonus Scheme Terms and Conditions policy shall apply in such cases.
- 8.7.** Should you wish to cancel or close your account, you may do so at any time by withdrawing all funds held in your trading account and following the onscreen instructions, or by contacting us.

9. COMPLAINTS

- 9.1.** If a Client wishes to report a complaint, he/she should follow the Company's procedures, specifically the Complaints Handling Procedure, which can be found on the Company's Website.
- 9.2.** If a situation arises which is not expressly covered by this Client Agreement, the Company and the Client agree to try to resolve the matter on the basis of good faith and fairness and by taking such action as is consistent with market practice.
- 9.3.** The Client's right to take legal action remains unaffected by the existence or use of the Complaints Handling Procedure referred to above.

- 10.2.** We make no representations, warranties or guarantees whatsoever regarding processing of any transaction which is dependent upon external processors, such as banks and/or any other such variables on a digital network that are outside of our control. The exercise of our right to force close your open positions will not result in termination of your trading account or of this Client Agreement, unless we send you a notice of termination.
- 14.2** We may specify on the Platform expiration times and dates for various underlying assets traded on the Platform. If the Platform specifies such a time of expiration for an underlying asset, you hereby authorize us to close any open transactions with respect to such an underlying asset at the price quoted on the Platform at such time.
